

VILLAGE OF FRIESLAND

SUMMER 2025 NEWSLETTER

GARBAGE CANS

DO YOU HAVE MORE THAN ONE SET?

It has come to the attention of the Village that some residents currently have more than one garbage and one recycling can. A letter will be sent out to those residents that have been identified to coordinate turning them in.

BUILDING PERMITS

If you are considering any building or remodeling projects including decks, you are required to check with our Building Inspector, Ken Fennewald. Ken works with General Engineering in Portage and will answer your questions regarding building projects. His phone # is 608-697-8009 or you can email him at kfennewald@generalengineering.net

DRIVEWAY PERMITS

The Village of Friesland requires any resident making any changes to the dimension, approach, or material to file for a driveway permit with the clerk's office. Please do not call General Engineering for this. Either call the clerk's office at 920-348-5156, email clerk@Vi.Friesland.WI.Gov or visit the Village of Friesland website www.VillageofFriesland.com for more information.

WATER PROJECT

The Village of Friesland DPW and clerk's office throughout the summer will be conducting a mapping survey to locate all curb stops, water main covers, hydrants, and manhole covers. Curb stops specifically are located on the personal property side of the water line and often found in people's yards, so if you see Dan, Jason or Jill with a metal detector we are trying to locate them.

****DOG OWNERS****

FENCES

1. The Village of Friesland does not require you to have a permit currently. The complete Village of Friesland Ordinance 330-85 Fences can be found online on the Village of Friesland website. www.VillageofFriesland.com under the Government tab then choose Ordinances and search fences.
2. The clerk's office has received multiple complaints in the last several weeks of residents not maintaining both sides of the fence. This is your responsibility to take care of.
