Hydrants Cleared?

Friesland Area Fire and Rescue reminds you to please clear the snow around fire hydrants located near or on your property.

It may be crucial for the Fire Department to locate a hydrant!

WATER/SEWER USERS- BE RESPONSIBLE

The customer shall protect the water curb stop box located in the front lawn or sidewalk area and shall keep the same free from dirt and other obstructions. The water utility shall not be liable for failure to locate the curb stop box and shut off the water in case of a leak on the owner's premises.

****Never place unused medications or chemicals down the toilet or drain. ****

Flushable Wipes ARE NOT FLUSHABLE!

Again, we remind you that our sewer pumps ARE NOT GRINDER PUMPS! We had 2 pump failure repairs at the North Madison Street lift station in 2024. The most common items found inside the pump are the "flushable" wipes. **THEY DO NOT DISSOLVE! Please throw them into the trash!!** Also found are feminine hygiene products and prophylactics. We have even found T-Shirts and toys in the pump.

Trash & Recycling Container Spacing

Columbia County Solid Waste picks up your containers with a lift arm on the truck. It is VERY IMPORTANT to place your containers 3 FEET APART to allow the truck to empty the containers.
